CBLSM1-X-Y-Z Animatics (Custom Build-to-Order)

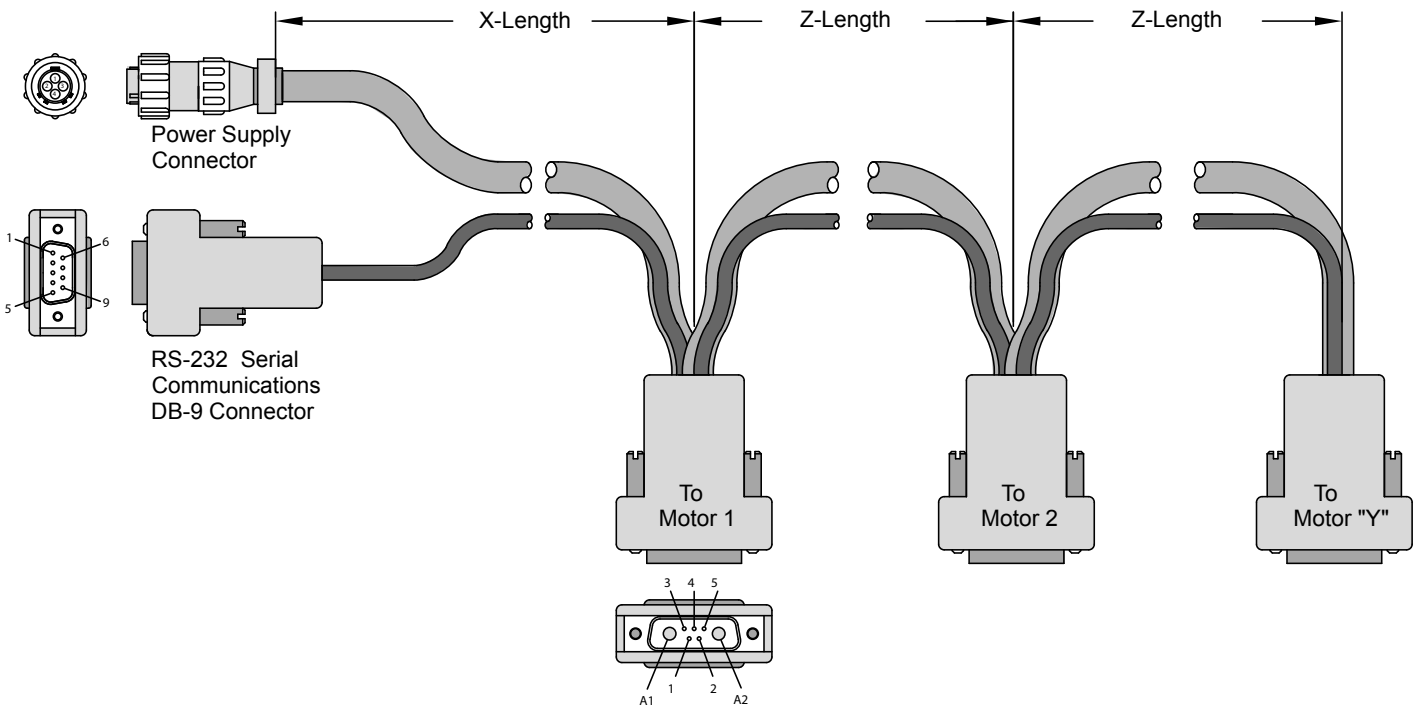
Custom Multi-Motor Power and Communications Daisy Chain Cable for networking Power and Communications to Multiple Animatics SmartMotors.

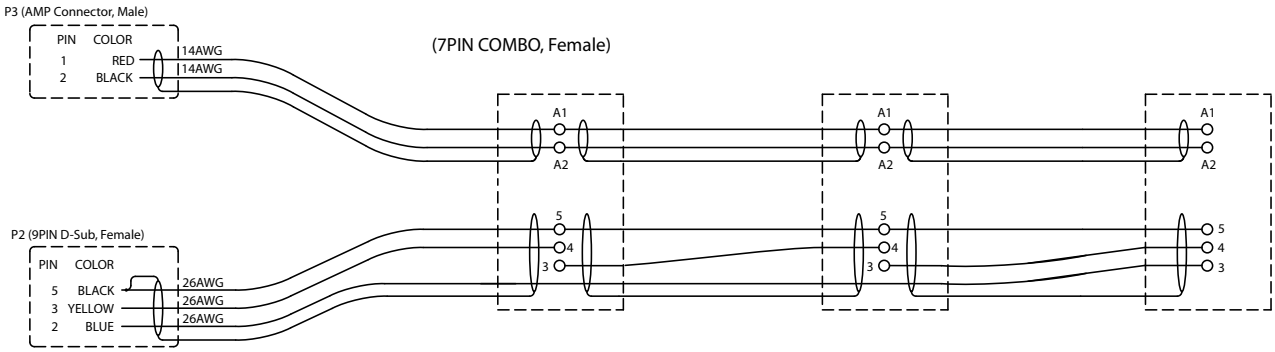
These cables are made to order where:

X = cable length in Feet from the first motor to the Power and Serial connectors
Y = Number of Motors
Z = distance in feet from one motor to the next

Note: This part numbering system does not allow for different length between each motor daisy chain network.
The RS-232 Communications lines are in a separate shielded cable from the main power cable for optimum noise immunity.

Example:

CBLSM1- 10- 3- 5 would give you a 3-motor cable with 10 feet to the first motor and 5 feet between each motor.




Example of 3-Motor CBLSM1-X-Y-Z shown
